The Specialist in Fabrication for the catering industry

About Us

Founded in 2003, The Canopy Company is a manufacturer specialising in the design and fabrication of commercial kitchen canopy systems and bespoke fabrication services. Previously a family owned business, in December 2017 the company was acquired by Pentland Wholesale, a leading importer and supplier of commercial refrigeration and catering equipment.

As a market leader in its field, The Canopy Company continuously strives for excellence in order to exceed customer expectations. We are passionate about quality sheet metal work, with a keen eye for detail and a wealth of knowledge covering all aspects of our trade.

Based in the heart of Lancashire our highly skilled workforce continue the heritage of quality manufacturing synonymous with this area, being a proud member of the "Made in Britain" scheme and utilising the marque enhances our reputation. We run apprenticeship programmes to ensure our fabricators maintain the high professional standards required by our customers.

What We Offer

Design

With a wealth of experience in the fabrication and sheet metal industry, we work proactively with our clients in order to provide a cost effective solution to meet their needs and requirements. Using CAD design even a simple hand drawn sketch can be transformed into an accurate fabrication in the materials and design of your choice.

Working from clients' designs and drawings or assisting them with their overall objectives, we provide practical and tailored proposals to fit their needs. We pride ourselves on our excellent customer service, attention to detail and the support that we offer our clients throughout.

Manufacture

We have an extensive range of modern fabrication equipment, and our team are highly skilled in stainless steel fabrication techniques and practices. Our products range from small canopy replacements to fully designed bespoke renovations of high end commercial kitchens.

Investing in continuous training ensures all products manufactured at our facility are of the highest quality and standard. From basic tables to complicated canopy designs our customers can be assured of consistent standards at competitive prices with industry leading turnaround times.
